## Introduction
Local Dining Guide is a user-friendly platform that aims to connect users with local dining
options. It provides a rich and intuitive interface to search for restaurants, view their menus,
read reviews, and get directions. With a focus on enhancing the dining experience, this
software solution strives to bridge the gap between diners and local eateries.

Web Based Dining Information Solution

Welcome to the Local Dining Guide project! This web-based software
solution is designed to provide users with comprehensive dining
information, making it easy for them to explore and discover local
restaurants, cafes, and eateries. Whether you're a food enthusiast
